

# HITACHI

## 1-9/16" SDS Max Low Vibration Rotary Hammer

DH40MRY

### Specifications

- >> **Amp:** 9.2
- >> **BPM:** 1,320-2,650
- >> **Impact:** 7.7 ft/lbs
- >> **Weight:** 15 lbs

### Standard Accessories

- >> **Case**
- >> **Side Handle**
- >> **Depth Stopper**
- >> **Grease**

**Notes:** Patented User Vibration Protection (UVP) technology utilizes a dynamic counterweight and a system of dampers to reduce vibration by up to 56%. Low vibration and high performance make the DH40MRY up to 6X more productive than competitive models, meaning you work smarter, not harder.
