DH18DL

Specifications

- >> **Voltage:** 18
- >> **Bit Type:** SDS Plus
- >> **RPM:** 0-750/-1,500
- >> **BPM:** 0-3,100/-6,200
- >> **Impact:** 1.0 ft/lbs
- >> **Weight:** 5.1 lbs

Standard Accessories

- >> (2) 3.0Ah Li-Ion Batteries
- >> 45-Min. Charger
- >> Side Handle
- >> Case
- >> Depth Gauge

Notes: This compact and lightweight rotary hammer is designed for easy operation. It uses a Lithium Ion battery that weighs 40% less than 18V NiCd or NiMH batteries with three times the life. The 2-step switch offers better control depending on material hardness and bit diameter. A quick set bit system makes changing bits quick and easy. The convenient 5-position belt hook features integrated LED work light.
